

SONAAR INFRATECH PVT.LTD
YOUR DREAMS OUR ENGINEERING

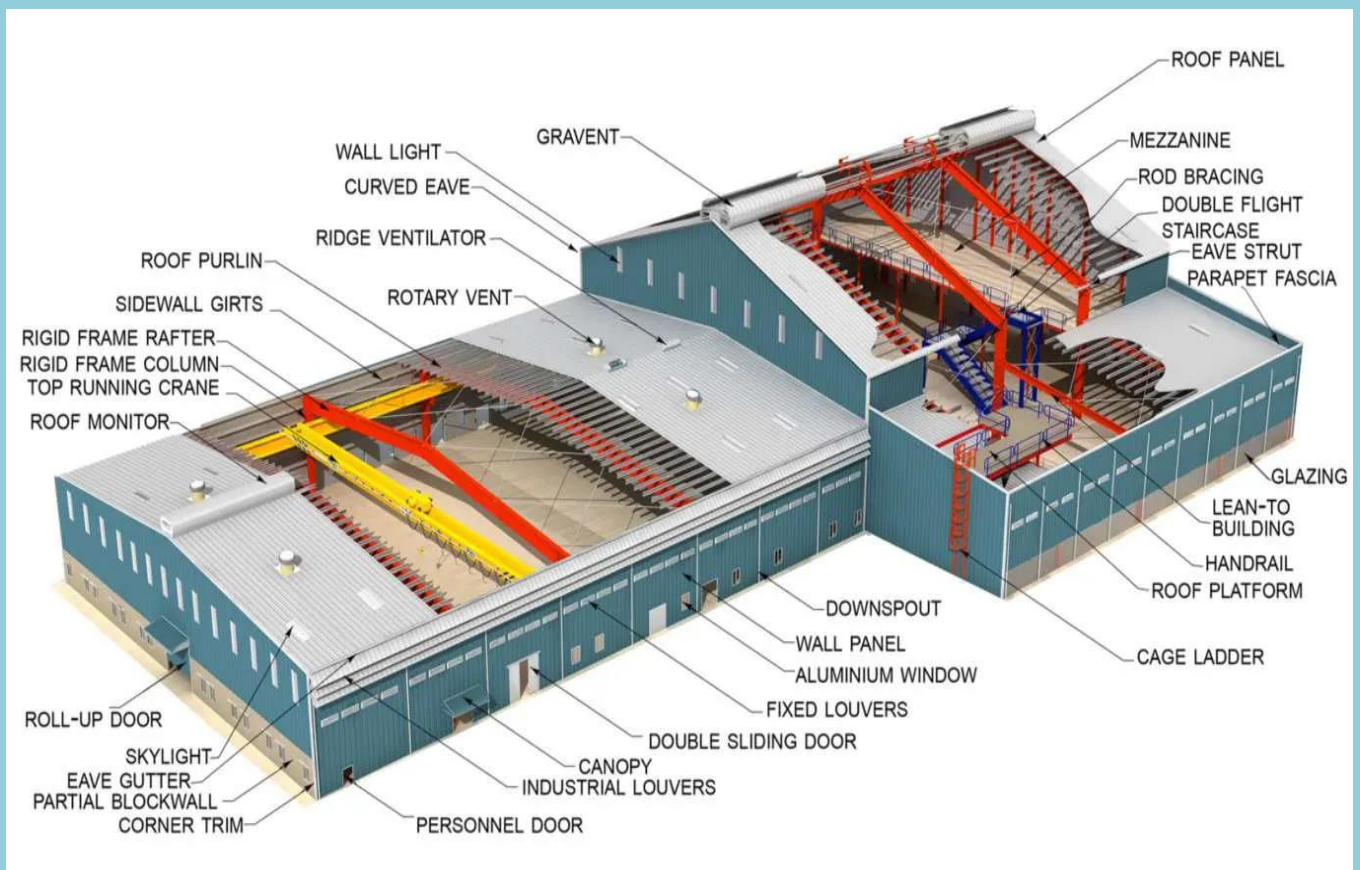

ABOUT US

Sonaar Infratech Pvt. Ltd. is a pioneer & leader in Quality of Pre-Engineered Steel Building industry in UTTARAKHAND, Sonaar Infratech's understands the needs of customers and has Mastered the SONAAR INFRATECH concept through continuous Innovation & experience. We have executed projects for its clients to utmost Satisfaction across the INDIA.

Sonaar Infratech Pvt. Ltd. is finely equipped with Efficient Designing Team, State-of-the-art manufacturing facility and is backed By a Very experienced execution team, being Capable to handle any size of project, Stands Second to none in the industry. We are leading contractor company in the State of Uttarakhand which was registered in year 2021. We have also a firm in the name of Steel Solution which was started in year 2000 and registered in year 2011 for PEB work. We are successfully completed numerous large-scale turnkey projects for many prestigious clients in different sectors. Our commitment to execute projects with highest quality, on schedule and within budget while adhering to excellent standards of health, safety and environmental positioned. We are invested in its resources to meet national standards and upgraded its fleet of equipment in preparation to participate in upcoming diverse projects.

Pre-Fabricated Building Structure/ Warehouse Diagram

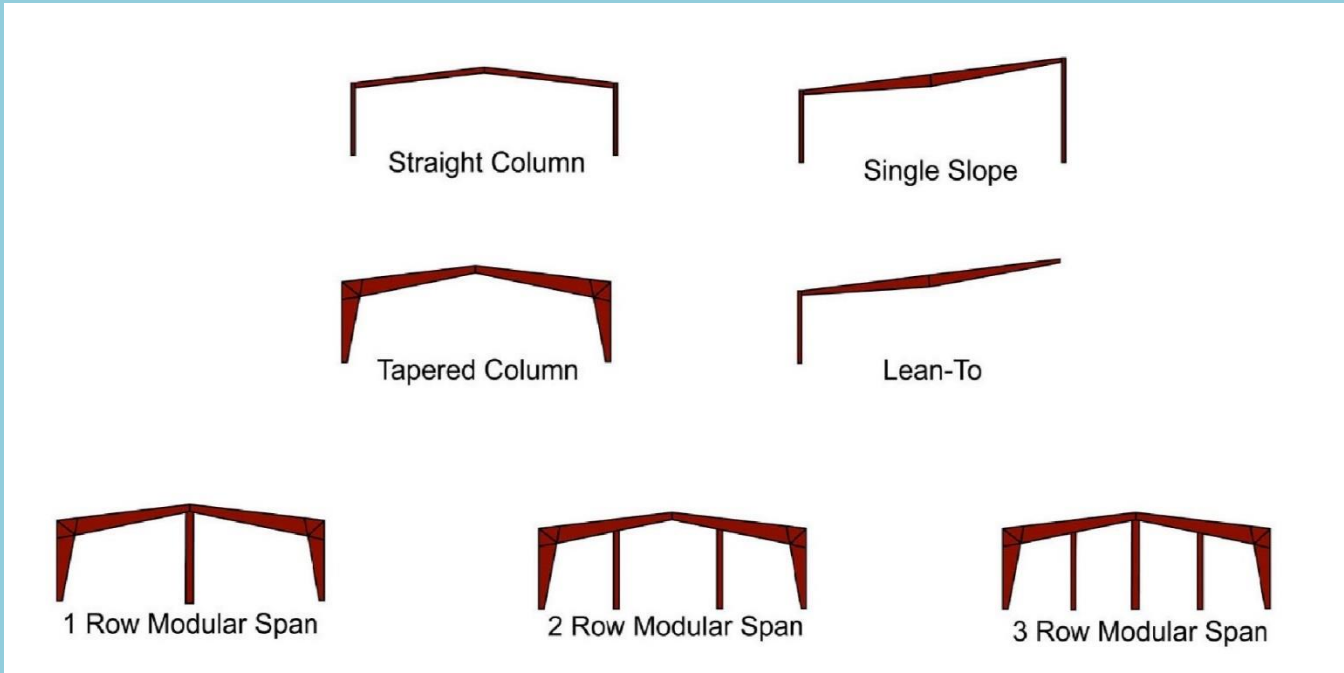

Suitable for Industrial/Warehousing Buildings

Pre – Engineered Building is a concept of building that involves pre-designed and prefabricated steel structures which can be tailored according to the requirement and assembled at site. Pre-engineered buildings have become a very popular method of constructions all over the world due to their flexibility and ease of construction. Pre-engineered are built using prefabricated I-shaped members, also known as I-beams. These I-beams can be shaped according to the requirements and available space and can be assembled at site. This greatly reduces the time spent in construction. Due to such pre- engineering, there is less amount of engineering required during the actual construction of the building at site.

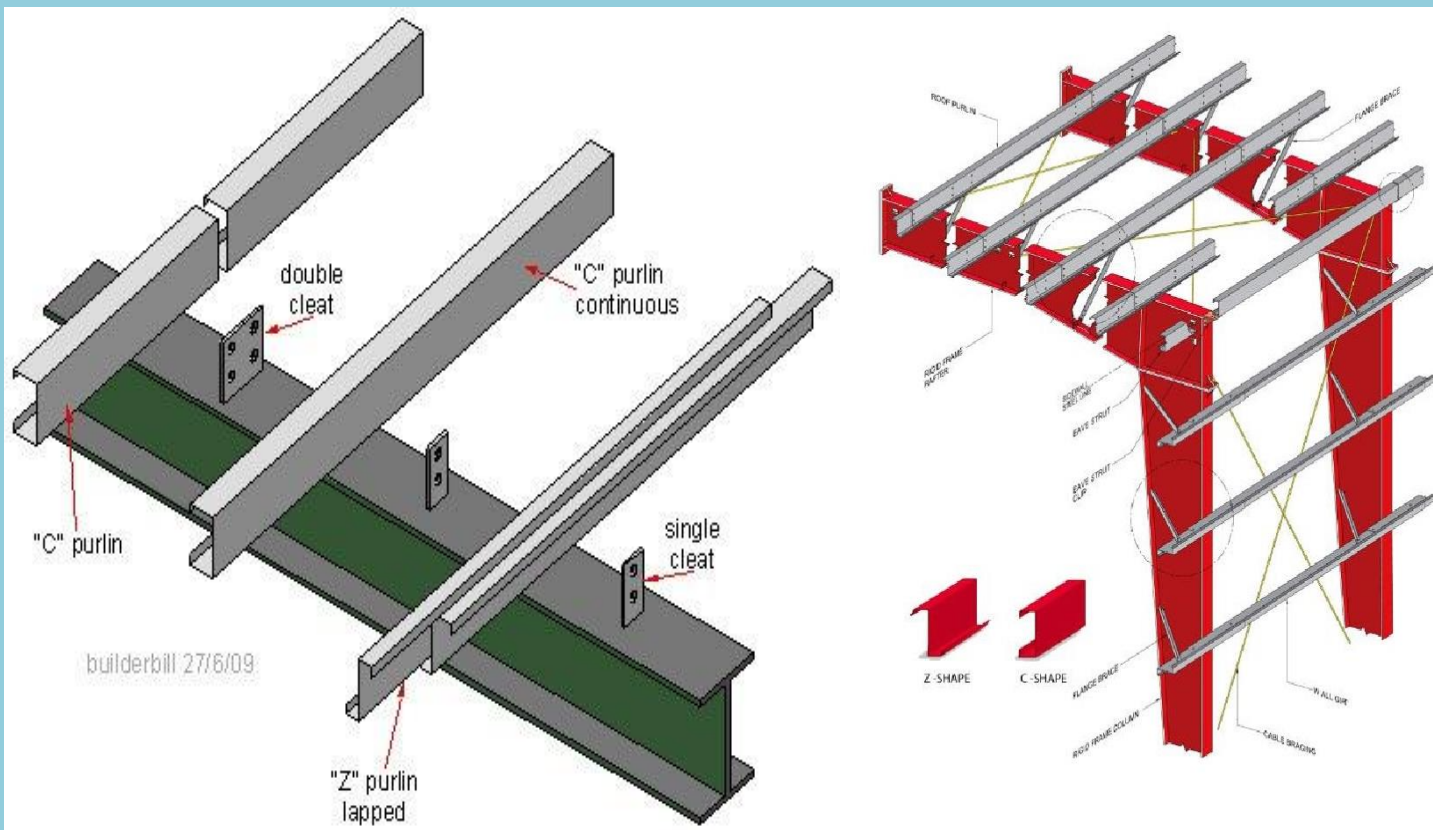

Advantages of PEB's

- Durability
- Low Maintenance
- Time Saving
- Cost Saving & Flexibility
- Economical

Types Of Main Frames

C & Z Purlins

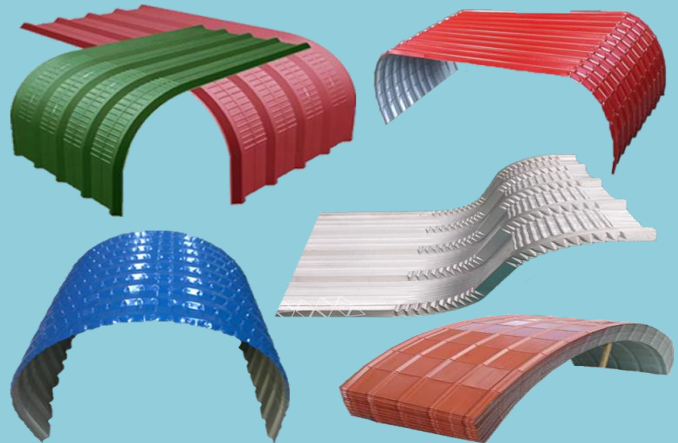

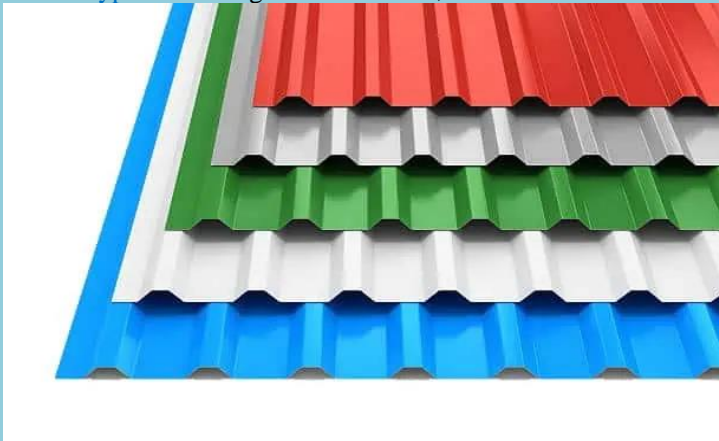

ROOFING & CLADDING SOLUTIONS

Zinc : 80, 100, 120 and 275 (GSM) as per IS 277

Al-Zinc : Az-70, Az-150, Az- 200 (GSM) as per ASTM A792M, AS 1397, IS 15961

Top Coats: Regular modified polyester, Super Durable Polyester, Silicon modified polyester, PVDI
Primers : Epoxy Polyester & Polyurethane

Finish Type: Gloss regular matt finish, wrinkle finish and laminated sheets

Singles For Roofing

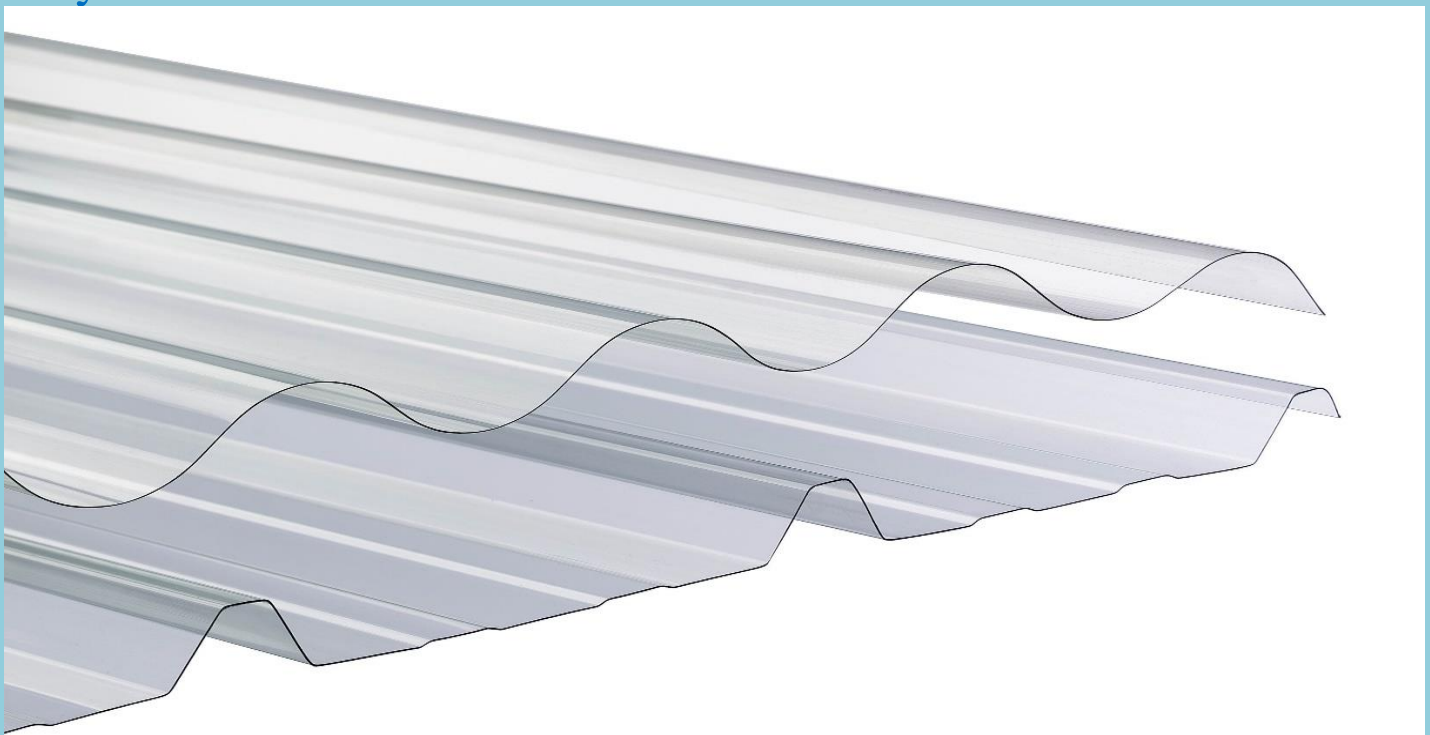

Steel Deck Sheet

Steel Deck Sheets are galvanized and are used as a permanent formwork or composite floor system. This sheet binds with concrete slab and together forms a portion of the floor structure. The linking between concrete and the floor deck happens by a system that is built into the deck, creating a reinforced concrete slab. The fast and simple installation makes these sheets widely demanded in the market. The sheets ensure strong and reliable shear bond performance, which is improved by cross embossing located in the profile.

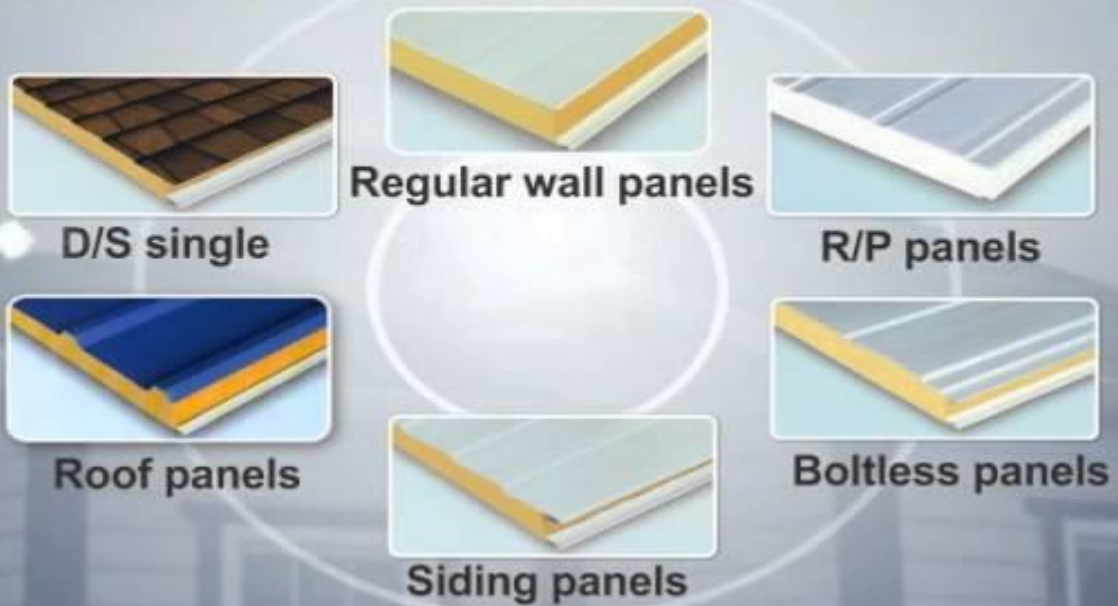

Polycarbonate Profile Sheet

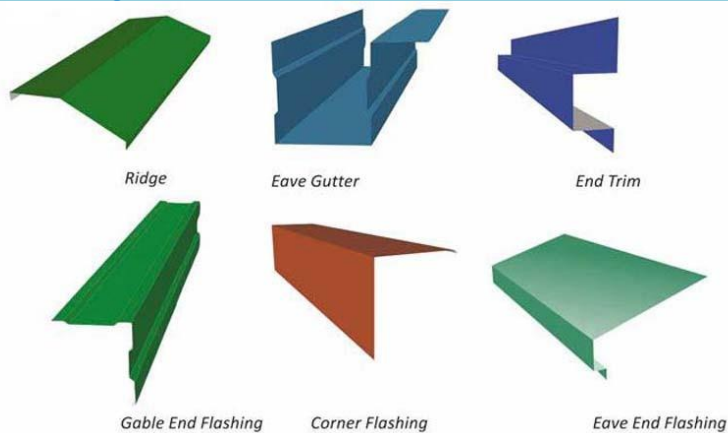

The major products

made of the glasswool insulation core and expanded polystyrene core

Roofing Accessories

TURBO VENTILATOR

Company Staff (Civil Department)

Sr. No.	Designation	No. Of Employee
1	Civil Department Manager	3
2	Construction Manager	4
3	Project Manager	3
4	Project Coordinator	10
5	Site Engineers	10
6	Project Supervisor	10
7	Site Supervisor	10
8	Safety Supervisor	10
9	Foreman	10
10	Surveyor	5
11	Auto Cad Operator	5

List of Instrument & Equipment

Sr. No.	Description	Unit/sets
1.	Backhoe (Jcb)	3
2.	Bob Cat 250	3
3.	Steel Roller (8 Ton)	2
4.	Mirco Trencher (Bobcat)	1
5.	Pock lain With Rock Braker	1
6.	Pay Loader (Cater Piller)	1
7.	Dump Truck 25 Tons	2
8.	Concrete Mixture Machine	7
9.	Concrete Vibrator	12
10.	Tractor Trolly	3
11.	Generator	3
12.	Wheel Loader	2
13.	Excavator	4
14.	Fork Lifter	1
15.	Hydra crane	2
